- **IPBES Capacity Building Task Force, Budapest, 2016**
- **IPBES Global Assessment Indigenous and Local Knowledge Liaison Group meeting, Budapest, 2017**

PESC 4 

4th Pan-European IPBES Stakeholder Consultation

- promote engagement in IPBES work for all stakeholders (decision-makers, researchers and representatives of civil society)
- capacity building to be involved in the review process which is crucial to make the assessment the best as possible
- allow for networking across the large ECA region, in participating to IPBES,

4th PESc – program overview

- **first afternoon:** learn about SOD of ECA, review process of IPBES, starting already the work in groups
- **next morning:** we resume and finalize the work in break-out groups
- **afternoon:** how stakeholders other than governments can engage in IPBES (relevant for governments for effective liaising with IPBES at the national level)
- **last morning:** presentations from different countries and initiatives showing ways to facilitate the use of scientific assessments by policy-makers

Time	Session			Presenter
12.00-13.30	Registration and buffet lunch			
13.30-14.00	Welcome			MTA
14.00-14.30	Introductory session: IPBES functions, objectives, work programme, structures and 'landscape' (TSUs, Task Forces, MEP etc.); links to other relevant processes (CBD/SBSTTA, SDGs)			Rob Spaul
